

My VYVGART® Path

**Personalized support throughout
your VYVGART Hytrulo journey**

VYVGART® Hytrulo
(efgartigimod alfa and hyaluronidase-qvfc)
Subcutaneous Injection
180 mg/mL and 2000 U/mL vial

A Nurse Case Manager is here for you during your treatment journey

It may feel overwhelming getting started on a treatment. With My VYVGART Path, you'll have access to resources and personalized support throughout your treatment journey.

My VYVGART Path is a patient support program that pairs you with a dedicated Nurse Case Manager, who can help you navigate insurance, offer resources, talk through your challenges, and more.

There are **2 options to enroll** once your doctor has prescribed you VYVGART Hytrulo:

OPTION 1

Speak with your doctor and ask to be enrolled in My VYVGART Path.

OPTION 2

Scan the QR code to download the patient enrollment form.

Information provided by the Nurse Case Managers is not intended or implied to be a substitute for professional medical advice, diagnosis, or treatment. Always consult with a qualified and licensed physician or other healthcare provider regarding your medical condition, treatment, and healthcare needs.

What to expect from the My VYVGART Path support team

The Nurse Case Manager (NCM)

They are here to help guide you.

Starting a new treatment may have you asking lots of questions. Once your doctor has enrolled you in My VYVGART Path, an NCM welcomes and connects with you directly throughout the journey to share information on topics such as:

- Understanding your VYVGART Hytrulo treatment
- Feeling empowered with resources and information
- Navigating the insurance process
- Understanding potential financial assistance programs

The Access Manager (AM)

They are here to help clear the way.

The AM can help navigate barriers you may have to accessing VYVGART Hytrulo. They work with your NCM to be sure you're enrolled in My VYVGART Path. They may also help with reimbursement and patient support by:

- ➔ Determining financial assistance eligibility and affordability (such as co-pay)
- ➔ Providing guidance on the prior authorization and appeals process
- ➔ Talking with the pharmacy or infusion center to understand any concerns

The Field Access Specialist (FAS)

They are here to help see the bumps ahead.

The FAS works with your doctor, specialty pharmacy, insurance company, and other key decision-makers to help navigate any reimbursement or treatment access issues by:

- ➔ Reviewing your insurance benefits
- ➔ Finding potential financial assistance
- ➔ Flagging potential barriers to treatment (such as denials or delayed shipment)

AM=Access Manager; FAS=Field Access Specialist; NCM=Nurse Case Manager

A NURSE CASE MANAGER IS HERE TO HELP YOU:

Understand your treatment

Feel empowered with resources and information

Navigate the insurance process

Understand potential financial assistance programs

YOUR GUIDE ON THE PATH

Understand your treatment

My VYVGART Path Nurse Case Managers are knowledgeable about VYVGART Hytrulo and are dedicated to listening to you and **answering your questions**.

How a Nurse Case Manager can help

- Explain **how VYVGART Hytrulo works**
- Help you **understand the treatment process**
- Give you information on **potential insurance coverage and financial assistance** programs
- Provide educational **information and resources on the injection process**
- Discuss your **options for receiving treatment** at an **injection or infusion center, your doctor's office, or at home***

*A Nurse Case Manager can help you determine what your insurance plan offers in terms of injection or infusion center locations and services. In some cases, VYVGART Hytrulo may be given at home by a trained nurse.

YOUR GUIDE ON THE PATH

Feel empowered with resources and information

Nurse Case Managers can support you throughout your treatment journey to help you in following your doctor's treatment plan.

How a Nurse Case Manager can help

- ➔ Provide VYVGART Hytrulo information to **help you understand how your treatment works**
- ➔ **Equip you with tools and resources** that may be able to support you **throughout treatment**
- ➔ Support you in **following your doctor's treatment plan**

YOUR GUIDE ON THE PATH

Navigate the insurance process

Dealing with insurance can be complicated. You may have questions about your insurance coverage, want to know more about the cost of treatment, or just need information about your out-of-pocket costs for VYVGART Hytrulo. With My VYVGART Path, **you'll find support in understanding each step of the insurance process.**

How a Nurse Case Manager can help

- Coordinate with our support team, your neurologist's office, and your insurance company to **verify what is covered** by your insurance
- Share educational information to **help you understand the insurance process** and answer frequently asked questions
- Help you understand your insurance coverage
- **Give you updates** on the insurance process

YOUR GUIDE ON THE PATH

Understand potential financial assistance programs

If you have financial concerns or gaps in insurance coverage for your VYVGART Hytrulo therapy, a **Nurse Case Manager is here for you with information and support.**

How a Nurse Case Manager can help

- ➔ If you are eligible with commercial insurance, **help enroll you in the VYVGART Co-pay Program**
- ➔ Refer eligible patients to charitable foundations that may be able to **help with your out-of-pocket costs**
- ➔ Inform eligible patients of **financial assistance programs that may be available**

“I am inspired by the opportunity to support patients, be a resource, and help them become their best advocate.”

Tamara

Associate Director, Nurse Case Management, East Team Lead

“I want to support patients and help remove the barriers they may face.”

Kelly

Nurse Case Manager

“It’s a great feeling to educate patients about a treatment option.”

Margaret

Nurse Case Manager

IMPORTANT SAFETY INFORMATION

Do not use VYVGART HYTRULO if you have a serious allergy to efgartigimod alfa, hyaluronidase, or any of the other ingredients in VYVGART HYTRULO. VYVGART HYTRULO can cause serious allergic reactions and a decrease in blood pressure leading to fainting.

VYVGART HYTRULO may cause serious side effects, including:

- **Infection.** VYVGART HYTRULO may increase the risk of infection. The most common infections for efgartigimod alfa-fcab-treated patients were urinary tract and respiratory tract infections. Signs or symptoms of an infection may include fever, chills, frequent and/or painful urination, cough, pain and blockage of nasal passages/sinus, wheezing, shortness of breath, fatigue, sore throat, excess phlegm, nasal discharge, back pain, and/or chest pain.
- **Allergic Reactions (hypersensitivity reactions).** VYVGART HYTRULO can cause allergic reactions such as rashes, swelling under the skin, and shortness of breath. Hives were also observed in patients treated with VYVGART HYTRULO. Serious allergic reactions, such as trouble breathing and decrease in blood pressure leading to fainting have been reported with efgartigimod alfa-fcab.
- **Infusion-Related Reactions.** VYVGART HYTRULO can cause infusion-related reactions. The most frequent symptoms and signs reported with efgartigimod alfa-fcab were high blood pressure, chills, shivering, and chest, abdominal, and back pain.

Tell your doctor if you have signs or symptoms of an infection, allergic reaction, or infusion-related reaction. These can happen while you are receiving your VYVGART HYTRULO treatment or afterward. Your doctor may need

to pause or stop your treatment. Contact your doctor immediately if you have signs or symptoms of a serious allergic reaction.

Before taking VYVGART HYTRULO, tell your doctor if you:

- take any medicines, including prescription and non-prescription medicines, supplements, or herbal medicines,
- have received or are scheduled to receive a vaccine (immunization), or
- have any allergies or medical conditions, including if you are pregnant or planning to become pregnant, or are breastfeeding.

What are the common side effects of VYVGART HYTRULO?

The most common side effects in efgartigimod-alfa-fcab-treated patients were respiratory tract infection, headache, and urinary tract infection. Additional common side effects with VYVGART HYTRULO are injection site reactions, including rash, redness of the skin, itching sensation, bruising, pain, and hives.

These are not all the possible side effects of VYVGART HYTRULO. Call your doctor for medical advice about side effects. You may report side effects to the US Food and Drug Administration at 1-800-FDA-1088.

What is VYVGART® HYTRULO (efgartigimod alfa and hyaluronidase-qvfc)?

VYVGART HYTRULO is a prescription medicine used for the treatment of adult patients with chronic inflammatory demyelinating polyneuropathy (CIDP)

Please see the full Prescribing Information for VYVGART HYTRULO and talk to your doctor.
